BRISTOL HIGH SCHOOL

THE CLASS OF 1977

WELCOMES YOU

1977 Green And White

Bristol High School

John F. Kennedy Memorial

Bristol, Rhode Island

It is not often that a teacher comes along and touches the minds and the hearts of students. Her accomplishments as a teacher and Student Council advisor are numerous for one who has been here such a short time. She has tried to better the learning environment of the school as well as upbringing the morals of today's youth. It is with great honor that we dedicate this book to a woman who has exemplified outstanding qualities and given her time as well as her spirit to the school and most of all to the students.

Mrs. Elizabeth Anthony,

We thank you.

Mrs. Elizabeth A. Anthony

ACADEMICS

Superintendent

The greetings and best wishes for good health and a successful future are extended to you from the Office of the Superintendent. May you have courage and wisdom to meet the adjustments of life that you will face in the years ahead.

There are many turning points in your life where decisions must be made. Graduation offers you a turning point to take an inventory. You need to ask yourself: What have I achieved? Where am I going? What do I want to do? What can I do? How can I accomplish it so that I may be satisfied and yet satisfy others?

Remember yesterday as history; tomorrow as mystery, and today as unique — it never happened before. Graduation time gives you a "today" to take a clear look at what counts in life; it gives you a "today" to go after that goodness that God, your parents and society wants of you. You don't walk alone. You can and you do affect others in everything you do and in everything you say.

Class History

In September of 1972, a group of stumbling youths invaded Bristol High School. We, the Class of 1977, had entered eighth grade. There were things to do, memories to make, goals to set. With the aid of our advisor, the late Mrs. Patricia M. [redacted], we set to work. Our first effort was to elect a Homecoming King and Queen. According to Vice President James C. [redacted] Secretary Nancy A. [redacted] Treasurer Virginia [redacted] and Welfare Officer Mrs. C. [redacted] we decided to build a Homecoming float. Despite all our time and efforts, the results were very disappointing.

In our Freshman year however, we received second place in the Homecoming float competition. Miss Margaret Veach was our Homecoming Queen, Kevin Veach was our Homecoming Secretary, and Kevin Bilotti, Treasurer. We organized our first Christmas Dance, and then later followed up with the Freshman Frolic. It was held on April 27 and was appropriately named "Pieces of Apr

Then came our Sophomore year. As sophomores, we began our money making efforts with a back-to-school yard sale. After that we all gathered at the house of Cindy Benevides to build our third Homecoming float. This one was entitled "Gold Construction Company" and won second place. The realization and excitement that we would soon become upperclassmen reached us in November as we ordered our class rings. As the holiday season approached we co-sponsored a Christmas Dance with the freshman class, which was a great success. With the

We were successful in our efforts to raise money for the school. At the homecoming dance, we had a very good turnout. The students enjoyed the "Ring Thing" where they sat on hay bales and listened to the sounds of "Leon" while anxiously awaiting the arrival of our rings. Soon we were involved in our first out-of-school function. This was the Junior-Senior Christmas Dance which was held on December 21 at White's Restaurant in Tiverton. As the New Year passed we ended with the traditional Junior Prom held on May 11 at the Coachmen Restaurant. The theme was "You Say" which we felt was a fitting prelude for our Senior

A collage of black and white photographs from a yearbook. The images are arranged in a grid-like fashion, though some are larger than others. The photos depict various students in different settings: some are individual portraits, others are group shots of friends, and some show students in candid moments. The overall tone is nostalgic and captures the essence of school life. The photos are framed by a dark border, and the collage is set against a light background.

In Memory

Linda Enos

Our friend Linda

Loved to walk, to run, to swim. She enjoyed concerts, nature and reading. She experienced success, failure, happiness and pain. Linda was the type of person who really lived life to its very fullest

When you had something to say, Linda was right there to listen. She was a true friend. Linda will always be very special to us, for she was so much a part of us and as we grow older, her memory will always remain

In Memory of
Robert S. Ferreira

Bobby, time will never erase the memory of you — laughing with us and enjoying life to its fullest. In athletics, scholastics, and especially friendship, you always gave the best of yourself, making every minute of every day meaningful. We are grateful to you for touching our lives and thankful for being our friend.

In Memory of
Patricia M. Leveille

Our time together was much too short. We wish you could know that your efforts in guiding us proved worthwhile, and also greatly contributed to our final goal. You led us in the right direction, not only academically, but also in life. We thank you and always will cherish our moments together.

Acknowledgements

I am indebted to the following persons for their assistance and advice during the preparation of this book. My special thanks go to Mr. J. N. Smith, who has been a constant source of help and encouragement. I also wish to thank Mr. A. B. Jones, Mr. C. D. Brown, and Mr. E. F. Green for their valuable suggestions and criticisms. The work was carried out during my tenure as a research fellow at the University of Cambridge, and I am grateful to the University for the facilities and support provided. I also wish to thank the following institutions for their generous grants: the National Science Foundation, the National Endowment for the Humanities, and the National Institutes of Health. Finally, I wish to thank my family for their love and support throughout this project.

THE AUTHOR

We as a class, and as people,
form each separate and different colors of our rainbow.
As we experience different situations here at Bristol High,
the colors of the rainbow grow deeper and richer.
Standing at the end of our four year rainbow
the colors merge and vanish
beyond the horizon.
We forget the days when things didn't go exactly right
and we only seem to remember the warm and golden memories
and dreams of tomorrow
that make Bristol High its own pot of gold.
